

## Projects and cooperations

### Projects

- LASMO – Large scale monitoring, RAWRA / SÚRAO, 2015 - 2018.
- IT4Innovations Centre of Excellence. OP VaVpl project CZ.1.05/1.1.00/02.0070, [www.it4i.cz](http://www.it4i.cz), 2011 - 2015. Institute of Geonics is a project partner solving research programme Numerical Modelling for Solution of Engineering problems.
- Thermal analysis of the reference design repository for spent nuclear fuel (in Czech), SÚRAO, 2011 - 2012.
- Project D2011 Decovalex 2011 - Development of coupled models and their validation against experiments, coordinator: SKB - Swedish Nuclear Fuel and Waste Management Company Sweden, 2008 - 2011.
- High Performance Computing in Geosciences II, EC COPERNICUS KIT 977006, 1998 - 2001.
- High Performance Computing in Geosciences – HIPERGEOS, COPERNICUS Project 1994, CP 94 0820, 1995 - 1998.
