

Projects and cooperations

Projects

- European Joint Programme on Radioactive Waste Management – EURAD. The European Union’s Horizon 2020 research and innovation programme, No. 847593, 2019-2024. My role: team member 2022.
- Efficient and reliable computational techniques for limit analysis and incremental methods in geotechnical stability. Czech Science Foundation (panel on civil engineering), grant No. 19-11441S, 2019-2022. My role: team member 2019-2021.
- IT4Innovations excellence in science. The Ministry of Education, Youth and Sports (of the Czech Republic), National Programme of Sustainability (NPU II), project No LQ1602, 2016-2020. My role: team member 2020.
- Ultrascale computing in geo-sciences (Grant No. LD15105). My role: team member 2016-2017.
- LASMO – Large scale monitoring, RAWRA / SÚRAO, 2015 - 2018. My role: team member 2016-2017.
- High Performance Computing in Geosciences II, EC COPERNICUS KIT 977006, 1998-2001. My role: team member 1998-2001.
- High Performance Computing in Geosciences – HIPERGEOS, COPERNICUS Project 1994, CP 94 0820, 1995-1998. My role: team member 1995-1998.
